FILE No. M1 95 of 1905-06

Special grants on account of the Sanitary Improvements of the Bangalore City

From the Chief Engineer of Mysore, No 5062, dated 12nd August 1905
States that in the circumstances represented the Government Order allotting only
Rs 90,000 for expenditure by the Public Works Department, on works of
improvement in the Bangalore City, out of the special grant of a lakh of rupees
for 1904-05, requires modification
To the Chief Engineer, No. 1817, dated 21st August 1905
States that Government regret their inability to reconsider para 11 of their Order
of the 20th June last and requests the Chief Engineer to make the necessary
re-distribution and reduction of the allotments already mentioned for the several
works referred to by him.

W. Mc Hutchin Esquire, M.I.C.E.,
Chief Engineer of Mysore.

To,

B.K. Venkata Varada Iyengar Esquire,
Secretary to the Government
of H.H. the Maharajah of Mysore,
General and Revenue Departments.

Sir,

V
T
2 3/20 9)

Adverting to Government Proceedings No. 11631-36/Ml. (536-04)-2 dated 20th June 1905, sanctioning the budget estimates of the Bangalore City Municipality for the year 1905-06, I have the honor to point out that, although in para 8 of Government Proceedings No. 4706-10/L.F. 43-98 dated 4th June 1904 (enclosed) an annual grant-in-aid of one lakh was sanctioned for 5 years to the Municipality towards the drainage and other works of permanent improvement in the Bangalore City and its extensions, it was necessary to provide an enhanced allotment for these works in the P.W. Budget for 1905-06, in order to push on with the incomplete works already in progress. Accordingly allotments amounting to Rs. 1,30,000, or Rs. 30,000 more than the sanctioned grant-in-aid, had to be provided for (as detailed below) in the above budget, which has since been sanctioned by Government. Under the circumstances the order of Government conveyed in para 11 of the proceedings of 20th June 1905 under reference allotting only Rs. 90,000 out of the grant-in-aid of one lakh for expenditure on the special works referred to requires modification, as the allotments provided in the P.W.D Budget aggregating Rs. 1,30,000 have already been sanctioned by Government. It is most desirable that the drainage works in the 3 extensions are proceeded with

✓

with, simultaneously, and even with the 1,30,000 provided in the same budget it will be necessary to provide in our budget for 1907-08 Rs 1,55,000 to complete the drainage of all the 3 extensions. Until these works are finished it will not be possible to proceed with that most important scheme, the drainage of the old Bangalore City itself and the Fort, which it is desirable to undertake as early as possible.

It may be mentioned that during 1904-05 the modified estimates for these special works aggregated Rs 1,22,000 (excluding the 3,000 Rs allotted to the Municipality) against which the outlay was Rs 1,20,267

I have the honor to be,

Sir,

Your most obedient servant,

M. D. S. S. S.

Chief Engineer of Mysore
